

Dillon Marina

2018 Spring Commissioning Service Rates

Remove/Recycle Shrink Wrap	\$95.00/hour	Includes: Labor to remove wrap from boat, removal of all strapping and support boards, bagging and delivery to shipping company. *Based on boat length
Step Mast	\$95.00/hour + \$12.60 mast kit	Includes: Taking the mast from the horizontal position to the vertical position, a visual inspection of the standing & running rigging and the installation of your wind indicator, if previously mounted. (Does NOT include tuning the mast or installation of the boom) *Based on boat length
Tune Mast (Dock Tune)	\$95.00/hour + parts	Basic rig tuning- Mast rake is set, masthead is centered & mast is adjusted to be in-column from top to bottom. Ensures correct rig tension, pinning & taping turnbuckles. (Not included in stepping the mast)
Install Sails	\$95.00/ hour	Includes: Installation of the mainsail and the boom. Installation of the headsail on the roller furler, if equipped. *Based on boat length
Commission/Mount OB Motors	\$95.00/hour + parts/materials	Depending on the OB, this includes: Mounting the motor, making the fuel connection, connecting the shift and throttle linkage, battery connection (if applicable) & starting.
Commission Inboard Motors	\$95.00/hour + parts/materials	Includes: Installation of drain plugs, cooling hoses, visual inspection of engine fluids and belts & starting.
Tune Motor	\$95.00/hour + parts/materials	Includes: Tuning to ensure motor will run correctly. (This service is not included in commissioning motors)
Commission Water System	\$95.00/hour	Includes: Connecting hoses and flushing non-toxic antifreeze out of the system.
Bottom Paint Job	\$95.00/hour Call for Quote	Includes: Inspection of boat's bottom to determine if it needs a fresh coat of anti-fouling paint. *Price based on boat size & condition.
Wash & Wax	\$95.00/hour Call for Quote	Protect your boat from that high altitude sun. The shop store carries supplies if you choose to do it yourself.
Battery Charge	\$12.00-\$45.00	\$12.00 / battery (if battery brought in) \$45.00 / battery (if marina staff removes from the boat) Includes: Testing battery to determine condition. If low, we will check fluid levels and charge. *This service is complimentary if battery(s) stored with marina over the winter.
Battery Install	\$95.00/hour	Includes: Installation of battery(s) on vessel and making terminal connections.
Boat Launch:	See below	Includes: Launching and towing boat to slip.
*Keelboat	\$8.65 / foot	*Based on boat length
*Swing Keel/Shoal Draft	\$5.95 / foot	*Based on boat length
*Powerboat	\$5.55 / foot	*Based on boat length
Summer Trailer Storage	\$18.00 / foot	*Based on boat length
Additional Services	\$95.00/hour	

Spring is the time to get your boat ready for summer and do preventative maintenance to help prevent summer breakdowns. **Please let us know if you would like the inspection of any of the following:** [Running rigging](#)- ropes that control the raising and lowering of sails and sail control, [standing rigging](#)- the wires that hold the mast up, [wind indicator](#), [engine belts](#) (on inboard power boats), [running lights and engine tune-ups](#). **Standard labor rate of \$95.00/ hour applies.**
